

# **INFOSOFT IT SOLUTIONS**

**Training | Projects | Placements**

Revathi Apartments, Ameerpet, 1<sup>st</sup> Floor, Opposite Annapurna Block, Infosoft It solutions,  
Software Training & Development Institute, +91-9059683947|+91-9182540872

## **HP ArcSight ESM Security Administration Course**

### **Introduction to HP ArcSight ESM 6.5**

- Overview of HP ArcSight ESM 6.5
- Architecture and features
- User interface and navigation

### **Installing and configuring ArcSight ESM**

- Preparing for installation
- Installation steps
- Configuring ArcSight ESM

### **ArcSight ESM Architecture and Data Flow**

- Understanding the ArcSight ESM architecture
- Data flow in ArcSight ESM
- Data management and storage

### **ArcSight ESM Management Center**

- Introduction to ArcSight ESM Management Center
- User management and roles
- System maintenance and monitoring

### **Managing Event Data and Data Sources**

- Configuring data sources
- Managing event data

- Normalizing and enriching data

## **ArcSight ESM Rules and Filters**

- Creating and managing rules
- Filters and conditions
- Using active lists

## **Advanced Correlation and Analysis**

- Correlation concepts and techniques
- Creating and managing correlation rules
- Using the ArcSight console for analysis

## **ArcSight ESM Reporting**

- Understanding reporting in ArcSight ESM
- Creating and customizing reports
- Scheduling and exporting reports

## **User and Role Management**

- Managing users and groups
- Managing roles and permissions
- LDAP and Active Directory integration

## **ArcSight ESM Administration and Troubleshooting**

- Troubleshooting ArcSight ESM
- Performance optimization
- Configuring event storage and retention

## **Backing up and restoring ArcSight ESM**

- ArcSight ESM backup and restore procedures
- Disaster recovery planning

## **ArcSight ESM Patching and Upgrades**

- Patching and upgrading ArcSight ESM
- Best practices for upgrades and migrations.
